

Comparing Counters

Number of Players: 1

Materials

- One set of at least 20 counters (preferably the same color)
- Comparing Counters game board
- One dice

How to Play

1. Roll the dice. Make a group of counters that is greater than the number that you rolled.
2. Make a group of counters that is less than the number that you rolled.
3. Make a group of counters that is equal to the number that you rolled.
4. Once you have filled up each column, remove your counters, and play again.
