

Name: _____

Date: _____

Complete the Equation

Directions: Use the numbers 1 through 10 to complete each equation by filling in the missing number that makes the equation correct.

1. $\underline{\quad} \times 3 = 0$

2. $10 \times \underline{\quad} = 10$

3. $0 \times \underline{\quad} = 0$

4. $7 \times \underline{\quad} = 7$

5. $\underline{\quad} \times 1 = 9$

6. What equation does this array represent?

$\underline{\quad} \times \underline{\quad} = \underline{\quad}$

7. What equation does this array represent?

$\underline{\quad} \times \underline{\quad} = \underline{\quad}$
