$\qquad$

## Complete the Trapezoid Pattern

| A trapezoid is a four-sided <br> shape that has a pair of parallel <br> sides. | Repeated patterns <br> have a part or whole <br> that repeats over <br> and over. | Notice the repeated pattern. |
| :--- | :--- | :--- | :--- | | What's the next shape |
| :--- |
| in the pattern? |

Directions: Look at the patterns and circle the repeated pattern. Then, continue the pattern.
