

# Counting on Bananas

Can you help Milo the Monkey find his bunch of bananas?  
Connect the even numbers (in order) to show Milo which trees to swing to!

A grid of 100 trees, numbered 1 to 100. The trees are arranged in 10 rows and 10 columns. A monkey is standing on tree 11. A banana is at the bottom right. A curved line connects tree 1 to tree 7. The task is to connect the even numbers (2, 4, 6, 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100) to show Milo which trees to swing to.
