

# How Does Your Garden GROW?

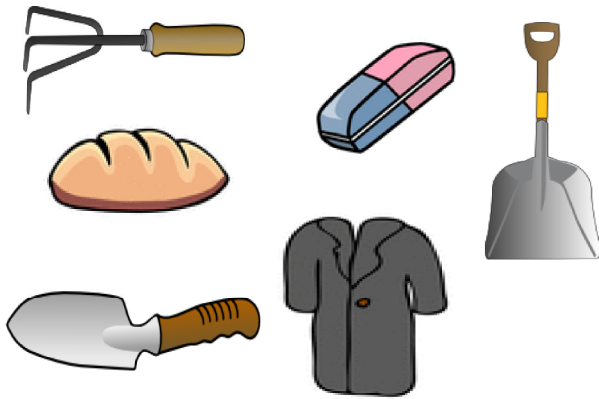

How many red flowers are there? \_\_\_\_\_

How many blue flowers are there? \_\_\_\_\_

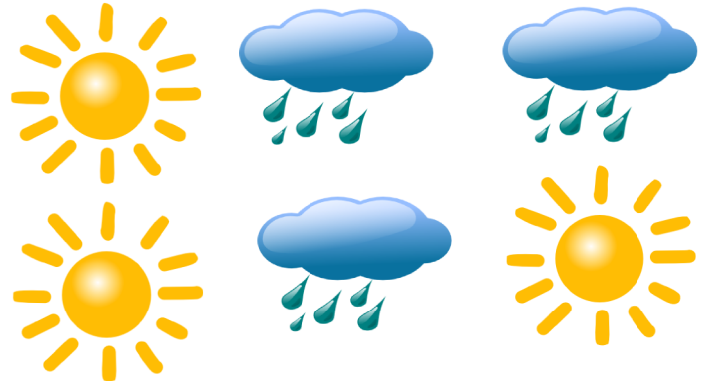

How many flowers with five petals are there? \_\_\_\_\_

How many flowers with six petals are there? \_\_\_\_\_

How many garden tools are there? \_\_\_\_\_

How many suns are there? \_\_\_\_\_

How many rain clouds are there? \_\_\_\_\_

**Describe your garden. Circle the correct choices based on your answers above.**

My garden has mostly (blue , red) flowers. It has purple and yellow flowers, too. Two of the purple flowers have (five , six) petals. I use (tools , clothes) to take care of my garden. My garden needs (an equal , a different) amount of sun and water to grow.
