

# Who Is Visiting Your Garden?

How many red birds  
are there? \_\_\_\_\_  
How many blue birds  
are there? \_\_\_\_\_

How many squirrels are there? \_\_\_\_\_  
How many snakes are there? \_\_\_\_\_

How many brown birds  
are there? \_\_\_\_\_  
How many yellow birds  
are there? \_\_\_\_\_

How many mice are there? \_\_\_\_\_  
How many skunks are there? \_\_\_\_\_

**Describe your garden. Circle the correct choices based on your answers above.**

My garden gets many visitors. Of all the birds, mostly (yellow , blue) birds come to visit. My garden is also visited by (more , fewer) squirrels than snakes. Even stinky skunks visit my garden. My garden gets (an equal , a different) amount of brown birds and red birds.
