Directions: Read the passage below and highlight or underline the character’s actions.

Amit is a very talkative student. He likes to talk to anyone who sits near him in the class. One day, Amit was talking when the teacher handed out the homework. He missed the teacher’s directions. He put the homework in his folder, and then packed up his things to go home.

He rode the bus to his parents’ store. When he got there, he opened his folder to start his homework. He felt concerned because the worksheet did not make sense. He must have missed some important information when he was talking in class.

Amit called his friend on the phone and found out what to do. Maybe next time, he will listen when the teacher is talking!
