

# Digital Citizenship Pledge

**Directions:** Increase your child's digital literacy by reviewing the vocabulary words in the word bank. Next, invite your child to take the digital citizenship pledge so they can learn about healthy ways to use technology!

I can keep my password in a safe place. I will only share my password with safe adults.

I can use kind words and keep my hands on my own device.

I can keep myself and my device safe by only using websites and apps that I'm allowed to use.

When an adult tells me it's time to get off of my device, I can turn it off and put it away.

Child's Name: \_\_\_\_\_

## Word Bank

**device** - a smartphone, computer, or tablet

**password** - numbers, letters, and symbols

**website** - a place on the World Wide Web that has information about people, animals, and much more
