

Division :

Find the Total Number of Groups

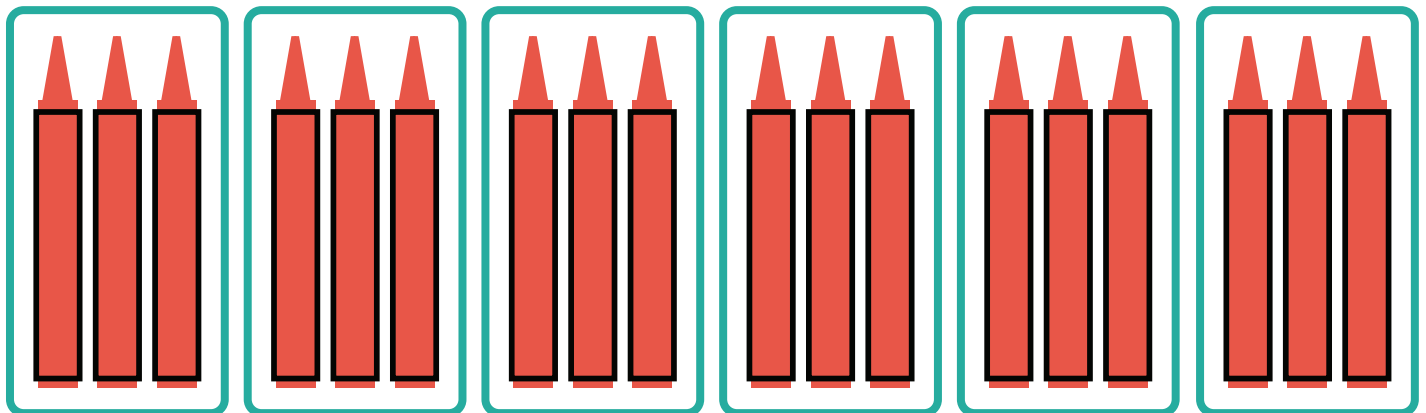

Directions: You can also use division to find the total number of groups.

1. Divide 40 buttons into groups of 8.
How many groups of button are there?

$$40 \div 8 = \underline{\quad}$$

2. Divide the 18 crayons into groups of 3.
How many groups of crayons are there?

$$18 \div 3 = \underline{\quad}$$
