

# E is for Ears of Corn

**Kwanzaa** is an African-American holiday. Friends and family meet to light candles, eat special food, and celebrate togetherness. Special things are placed on a table, including ears of corn. The corn stands for children, and it's placed there so everyone will remember how important kids are.

How many kids are there in your family? Draw each one on an ear of corn below. Don't forget to draw yourself!
