Evaluate Creative Products in Partnerships

Directions: Work in partners to answer the following questions. Partner A is the creator and Partner B is the evaluator.

1. Partner A: What is the goal you're trying to reach for your product?

2. Partner B: Look at Partner A's creative product. Think about that product while answering these questions.

<p>Do you understand the product?</p>	<p>Do you like it? Why or why not?</p>
<p>Does it fulfill the creator's goal?</p>	<p>Can you think of a way to improve it?</p>

3. Partner B: Share answers to the four-square aloud with Partner A.
