UNIFORMS MAKE SCHOOL SAFER

Many public schools are trying to decide if they should require students to wear uniforms. I believe school uniforms should be required to keep children safe, help everyone feel equal, and to increase learning.

EXAMPLE:

Some symbols, like skulls, on clothing are distracting to other students because they are not appropriate for school.

- Colors, symbols, and the way you wear your clothes can affect others around you.
- Students should not be allowed to wear ugly clothes to school.
- There are too many rules at school already.
- Some students' parents can afford to buy their children designer clothes, while others cannot.
- Students who wear shorts too low, or tops too short, can make other students feel uncomfortable, and make it difficult to pay attention to the lesson.
