

Finding Errors With Parallel Structure #3

Directions: Each sentence contains an error with parallel structure. Find and fix each error. An example has been done for you.

1. Noah and Luna volunteer two days a week at a food pantry, using both their time and ~~using~~ their resources to give back to the community.
2. Ms. Rodgers suggested that Brooklyn and I go to either the library or to a bookstore in order to find the book we need.
3. After Mia's puppy completed a training class, he not only obeyed more commands but also he performed a variety of tricks.
4. Dylan tried both inspecting his bike's tires and to adjust the chain, but his bike wouldn't stop making an unusual noise.
5. Lily was so exhausted from her busy day that she went straight to bed, neither eating any dinner nor did she change into her pajamas.
6. This summer, Isaiah is either getting a job at the grocery store or will take summer classes at the community college.
7. Riley not only uses her smartwatch to track her steps, but she also uses it to monitor her heart rate.
8. Carter managed to make a delicious meal despite neither consulting a recipe nor by having much previous experience.
