

FINDING THE VOLUME OF SPHERES

You can find the volume of a sphere using the formula $V = \frac{4}{3}\pi r^3$, where r is the radius of the sphere.

Try it! Find the volume of each sphere. Use **3.14** for π , and round your final answer to the nearest hundredth if needed.

1.

$$V \approx \underline{\hspace{2cm}}$$

2.

$$V \approx \underline{\hspace{2cm}}$$

3.

$$V \approx \underline{\hspace{2cm}}$$

4.

$$V \approx \underline{\hspace{2cm}}$$

5.

$$V \approx \underline{\hspace{2cm}}$$

6.

$$V \approx \underline{\hspace{2cm}}$$
