How well can you follow directions?

Start with the string of numbers labeled "A". Follow the first set of directions and put the answer in the first box provided. Then cross out the numbers in string "A" that are used in the first set of directions. Write the unused numbers in string "A", in the same order, in the boxes provided. Continue with the next string of numbers (B, C, D, etc.) and set of directions (2, 3, 4, etc.).

A | ~~7~~ | 4 | 7 | 2 | 1 | 3 | 9 | 8 | 5 | 6 | ~~1~~ |

EX. 1. Multiply the first number and last number. (7 x 1)

B | 7 | 4 | 7 | 2 | 1 | 3 | 9 | 8 | 5 | 6 |

2. Subtract the fourth number from the third number.

C

3. Add the fifth number and eighth number.

D

4. Add the second number, fourth number and fifth number.

E

5. Subtract the last number from the first number.

F

6. Multiply the first number and the third number.

G

7. Add the last three numbers.

H

answer

8. Subtract the first number from the last number.
