# Formatting Frenzy

Find an example of each of the formatting and text features in a nonfiction text. Write the page number of the book where you found it. If you need to, use more than one text.

|  |                                |                                 |                                    |
|--|--------------------------------|---------------------------------|------------------------------------|
| table of contents<br>_____                                   | a chapter title<br>_____       | a subtitle<br>_____             | a page with two subtitles<br>_____ |
| a page with no titles<br>_____                               | a bullet pointed list<br>_____ | a photo with a caption<br>_____ | a side bar<br>_____                |
| a graphic organizer<br>_____                                 | an infographic<br>_____        | boldface print<br>_____         | a graph<br>_____                   |
| an illustration (drawing/image that is not a photo)<br>_____ | a map<br>_____                 | a chart<br>_____                | a diagram<br>_____                 |
