

# Equal to 1

A fraction has two parts, a numerator and a denominator.

$$\frac{4}{5}$$

↖ numerator  
↙ denominator

When the numerator is the same as the denominator, the fraction is equal to 1.  
Color in the shapes whose fractions are equal to 1.

Fill in the missing value.

$$\frac{5}{5} = \text{○}$$

$$\frac{\text{○}}{15} = 1$$

$$\frac{6}{\text{○}} = 1$$

$$\frac{109}{109} = \text{○}$$
