

HALLOWEEN WORD PROBLEMS #13

Solve the following word problems.

There are 5 vampires roaming in the dark woods. Each vampire has 2 pointy fangs. How many fangs are there in all?

Andrew and Devon are trick-or-treating. If Andrew has 11 candies in his bag and Devon only has 6, how many more candies does Devon need to have the same number as Andrew?

Dana has 8 jewels on her princess costume, while her friend Marlene has 13 jewels. How many jewels are the girls wearing all together?

Jenny plans to buy her Halloween costume in one week. Her best friend Terry wants to buy her costume in 6 days. Which girl will buy her Halloween costume first?

Taylor saw 9 scary movies this week, while Morgan saw 7. How many scary movies did the boys see in all?
