

HALLOWEEN WORD PROBLEMS #14

Solve the following word problems.

Brandon and Jeff bob for apples. If there were 14 apples when they began the contest, none left when it was over and Brandon got 5 apples, how many apples did Jeff get?

Gene received 23 candies while trick-or-treating. If his little sister Nancy ate 7 of the candies, how many candies does Gene have left?

A mad scientist creates 2 monsters in his lab. The red monster has 6 eyes, while the blue monster has 10. How many more eyes does the blue monster need to have as many as the red monster?

Nick starts carving his jack-o-lantern at 4:00 p.m. He finishes at 6:30 p.m. How long did it take Nick to finish carving his jack-o-lantern?

A family of 6 zombies haunts the neighborhood. At midnight, 2 zombies go home. How many zombies are left?
