

HALLOWEEN WORD PROBLEMS #3

Solve the following word problems.

There are 11 ghosts having a haunted house party. At midnight, 5 more ghosts arrive. How many ghosts attend the party in all?

Danny asks 10 of his friends to go trick-or-treating with him, and 7 of them say "yes". How many of Danny's friends couldn't go trick-or-treating?

Elizabeth has 1 more jack-o-lantern on her porch than her friend Erica. If there are 9 jack-o-lanterns all together, how many does Elizabeth have?

Bobby passes out candy to 16 trick-or-treaters. Annie passes out candy to 12 trick-or-treaters at her house. How many trick-or-treaters were given candy in all?

There are 14 bats flying through the night sky. Half of the bats fly back home to take a nap. How many bats are left?
