

HALLOWEEN WORD PROBLEMS #5

Solve the following word problems.

Alex spies 13 bats flying over his house. His friend Nick sees 6 more bats at his house. How many bats do the boys see in all?

A witch adds 5 lizards, 7 snakes and 4 spiders to her Halloween brew. How many creepy ingredients does she use in all?

Gwen has 18 candies in her trick-or-treat bag. When a cat jumps out and scares her, she drops 7 candies. How many candies are still in her bag?

A class of 21 students enter a Halloween hay maze. Only $\frac{1}{3}$ of the students finish the maze without any help. How many students needed help finishing the maze?

Monica and her brother Charles decorate their home for Halloween. If there are 17 decorations in all, and Monica puts up 8, how many decorations does Charles put up?
