Holiday CARDS
After coloring, cut the cards roughly out from the page. Fold on the dotted lines, then cut out the shapes. Make sure not to cut the edges holding the cards together! Next, write a message inside and sign your name!

The second page has an envelope to cut and assemble. Ask a grown-up for help with this project if needed!
This project **works best printed** on thicker paper!

Happy Holidays!

Fold on the dotted lines!

Happy Holidays!

Make an Envelope for Your Holiday Card!

**1** Fold the sides in and tape them together.

2 Next, fold up the bottom flap and tape.

3 Turn over & decorate!
