Snowflakes!

It's easy to make paper snowflakes! Start with a square piece of paper.

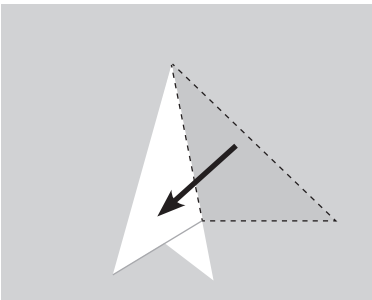

1 Fold the upper left corner down to meet the lower right corner.

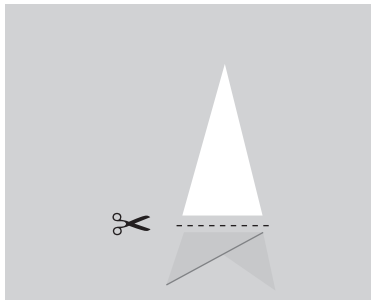

2 Fold the upper right corner down to meet the lower left corner.

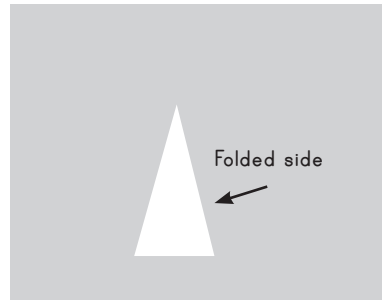

3 Fold the lower left corner to the right.

4 Fold the lower left corner to the right.

5 Cut off the bottom off to make a straight edge.

6 When cutting, the fold should be on the right, and the open side on the left.
