

I Spy with My Little Eye...

Find the binoculars and color them brown.

Find the suns and color them yellow.

Find the hats and color them red.

After you're done coloring all of the items, you can play I spy with someone sitting next to you. Don't know how to play? It's easy! Look around and spot something and then give a clue so they can guess what you're "spying." For example, you could say, "I spy with my little eye something that is red!" Then, have your fellow player or players guess what it is that you've "spied."
