

# Identify Time Order Words

**Time order words** can help show *when* things happen.

Some time order words tell you that a sentence is about the past, present, or future. Time order words can also put events in order.

We should go to the grocery store **today**.

**Then**, we can pack the car for our mountain trip.

## Directions

---

Read each sentence below. Circle the time order word in each sentence.

1. After school, I will take a long nap on the couch.
2. Nancy will clean the inside of her messy car tomorrow.
3. Sometimes my brother buys me candy from the store.
4. Landon drank a lot of water before swim practice.
5. Mrs. Collins will show us how to divide numbers next.
6. He finally agreed to race me on the track even though it was pouring rain.
7. Sally will be performing in a musical at school tonight.
8. Later that night, Grandma asked Grandpa to make a hot cup of tea.
9. Yesterday, I saw three humpback whales jump out of the water.
10. Andrew's game is the third one I've watched.
