

# Preschool Math

4 red jelly beans were in a jar. **2 are taken** from the jar to eat.

How many jelly beans are **left over**?

$$\begin{array}{ccccccc} \begin{array}{c} \text{red jelly bean} \\ \text{red jelly bean} \end{array} & \begin{array}{c} \text{red jelly bean} \\ \text{red jelly bean} \end{array} & - & \begin{array}{c} \text{red jelly bean} \\ \text{red jelly bean} \end{array} & = & \underline{\hspace{2cm}} & ? \end{array}$$

$$4 - 2 = \underline{\hspace{2cm}} ?$$
