

# Jimmy & the Cake

Ask an adult to read the story aloud to you. Then follow the directions below.

Jimmy decided to make a cake for his mom's birthday. He went out to buy eggs, flour, and cocoa powder. In the kitchen, Jimmy mixed all the ingredients together and put the cake in the oven. After 30 minutes, the cake was done. Jimmy decorated the cake with cocoa powder and chocolate icing and left it on the table. Jimmy's dog, Bobo, smelled the delicious cake and took a big bite!
