

Let's go to the BEACH!

FINISH!

START!

Let's go to the BEACH!

For **best results**, print on **thicker paper**.

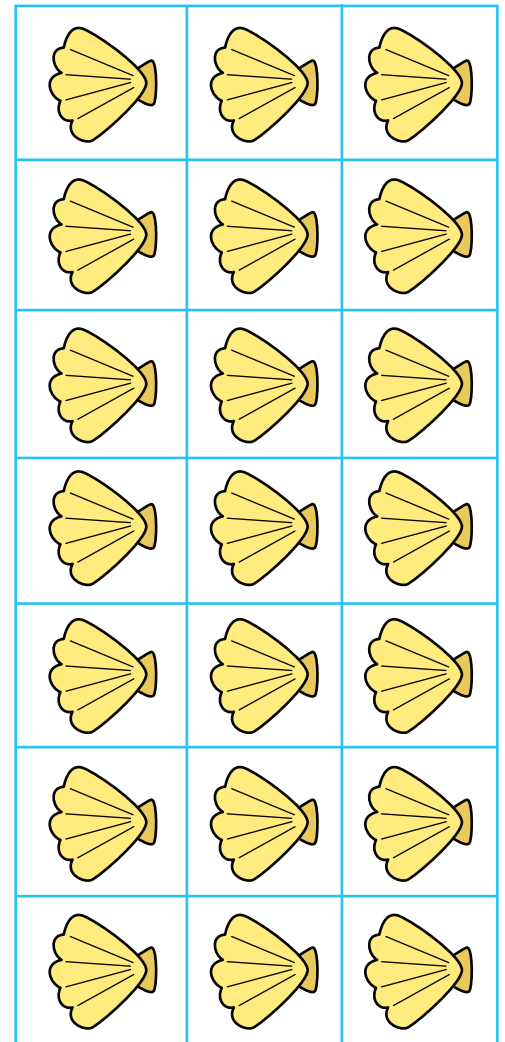

Cut, fold and then **tape** the dice and game pieces together.

Fold on the dotted lines.

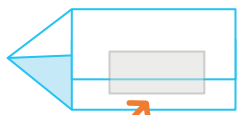

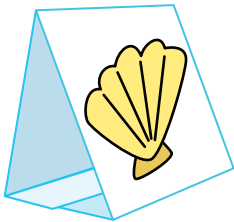

HOW TO PLAY:

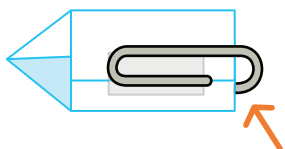

Players roll the die and move along the footsteps in the sand from the start or pick up a shell from the pile. After all of the players make it to the finish, they count up their shells and the player with the most is the winner!

1 Cut out the game pieces then fold on the dotted lines.

2 Tape on the bottom.

For added stability, slide a paper clip on the bottom of each piece.
