

- **1.** Have a grown-up cut out and put all the dice together. Cut out the lists below for each player to write their words on.
- **2.** Each player takes a turn tossing the three consonant dice and one vowel die and then writes down all the words they can make using some or all the letters they roll.
- 3. Each word counts as a point. If a player can't make a word, their turn is over and the next player rolls the dice.
- **4.** After each player has rolled 8 times, the winner is the one with the most points.
