

# Make Balanced Equations #1

Draw lines to match facts that have the same sum or difference. Then, write the balanced equation you made. The first one has been done for you.

$4 - 1$

$16 - 8$

$6 + 2$

$10 + 9$

$20 - 9$

$15 - 12$

$8 + 7$

$18 - 3$

$13 + 6$

$3 + 8$

$4 - 1 = 15 - 12$
