## The Make Ten Game

1. Place five cards facing up and leave the rest in a pile facing down.

| $\begin{array}{ll}1 \\ \\ & \\ & \end{array}$ |
| :---: |

2. Look to see if there are any pairs that add up to 10 and place them in a new pile.

3. Draw new cards to replace the cards you used.

4. If you cannot make any pairs with the cards that you have, draw 5 more cards and make a new row underneath.

$\left[\begin{array}{lll}4 & \star & \star \\ & \star & \\ & & \\ & & \\ \end{array}\right.$

$\begin{array}{rrrr}3 & \star & \\ & \star & \\ & \star & \\ & & \varepsilon\end{array}$

$$
\begin{gathered}
10 \star \star \\
\star \star \\
\star \star \\
\star \star \\
\star \\
\star \\
\star
\end{gathered} 0_{0}
$$

## Make Ten Game Cards

Cut out the playing cards and store them in a small plastic bag for future use.
