# MAKE YOUR OWN WEBPAGE

Today, there are many ways people share ideas and talk to each other. Websites are an important way for people to reach a large audience, retrieve information, and communicate ideas. Are there any websites that you like to visit? Why do you enjoy those websites?

Make a web page all about you! Be sure your webpage has the following:

- Use markers, pencils, pens, and crayons to draw pictures on your web site that tells something about you.
- Websites use links so people can find more information on the web. Links can be about your friends, family, hobbies, anything about you!
- Don't forget to add links to your page!
- Be sure your web page has a title.
