All About Malala Yousafzai:

Malala is an activist from Pakistan. She loved going to school and learning. When Malala was just 11 years old all of the girls in her city were told they could not attend school any longer. She thought this was wrong and did not listen. She believes that all children should have the right to go to school. She stood up for her beliefs and now helps children all over the world fight for their right to an education. She is the youngest person ever to receive a Nobel Peace Prize.
