

Math Fluency Checklist

I know a strategy I can use to solve the math problem.

Color in the box of the first strategy you used. Or write a different strategy in the blank box.

place mat value	highlighter	post-its	picture	fingers	number line	
--------------------	-------------	----------	---------	---------	-------------	--

I know a different strategy I can use to solve the math problem.

Color in the box of the second strategy you used. Or write a different strategy in the blank box.

place mat value	highlighter	post-its	picture	fingers	number line	
--------------------	-------------	----------	---------	---------	-------------	--

I can explain at least one of the strategies I used to a friend.

Draw a picture or write words explaining how you solved the math problem.
