

Math Lab: Addition #5

Add the numbers on each formula.

Fill in the + and = symbols, then write the sum.

$$26 \quad _ \quad 14 \quad _ \quad \boxed{_}$$

$$33 \quad _ \quad 15 \quad _ \quad \boxed{_}$$

$$28 \quad _ \quad 22 \quad _ \quad \boxed{_}$$

$$30 \quad _ \quad 21 \quad _ \quad \boxed{_}$$

Write the missing number to equal the sum on each scanner.

$$27 + _ = \boxed{50}$$

$$35 + _ = \boxed{63}$$

$$25 + _ = \boxed{44}$$

$$49 + _ = \boxed{66}$$

Circle the two formulas that when added will equal the sum of 55.
