

# METAPHOR

A metaphor is the comparison of two things that are usually very different, but alike in at least one way. Writers use metaphors to describe something and let the reader discover the way the things are alike.

**Example:** Her hair was a waterfall of gold.

The writer is comparing two things: hair and a waterfall. There are many ways hair is different from a waterfall. Hair is made up of solid strands, while a waterfall is made up of liquid drops. There are ways that they are similar. Hair sometimes moves or shines like a waterfall. This metaphor puts a picture in the reader's mind. It tells more than simply saying "Her hair was shiny."
