

Multiplication Practice Part 1:

Write the Missing Number

Test your multiplication skills by writing in the correct number to make the problem true.

$8 \times \underline{\quad} = 40$

$6 \times \underline{\quad} = 18$

$5 \times \underline{\quad} = 55$

$4 \times \underline{\quad} = 16$

$9 \times \underline{\quad} = 36$

$7 \times \underline{\quad} = 21$

$2 \times \underline{\quad} = 18$

$4 \times \underline{\quad} = 20$

$3 \times \underline{\quad} = 27$

$10 \times \underline{\quad} = 100$

$9 \times \underline{\quad} = 63$

$8 \times \underline{\quad} = 56$

$12 \times \underline{\quad} = 72$

$6 \times \underline{\quad} = 30$

$7 \times \underline{\quad} = 0$

$5 \times \underline{\quad} = 15$

$4 \times \underline{\quad} = 28$

$8 \times \underline{\quad} = 24$

$11 \times \underline{\quad} = 121$

$2 \times \underline{\quad} = 8$

$9 \times \underline{\quad} = 54$
