

A WRINKLE IN TIME: GREETINGS FROM THE UNIVERSE

In *A Wrinkle in Time*, Meg, Charles Wallace, and Calvin travel through the universe on a quest to find Mr. Murry. Throughout their journey, they visit different locations, including Uriel, Orion’s Belt, Camazotz, and Ixchel. They also meet numerous mystical beings, including the Mrs Ws, IT, Aunt Beast, and the Happy Medium.

Imagine that you accompany the children on the journey through the universe. Choose one of the locations you visit and create a postcard to send to a loved one. First, cut out the postcard. Then, craft a message that describes the setting or one of the characters that you meet while at this location. Be sure to illustrate the other side of the postcard with an image that represents the setting or character.

A large dashed-line rectangular area representing a postcard template. It is divided into two sections by a vertical line. The left section contains ten horizontal lines for writing. The right section contains a rectangular area with a scalloped border for a stamp, followed by four horizontal lines for an address.
