THE HUNGER GAMES:					
DISTRICT JOURNAL ENTRIES					
The Hunger Games by Suzanne Collins is set in the far-future dystopian nation of Panem on a continent formerly known as North America. The protagonist, Katniss, lives in District Twelve and goes to the Capitol when she's sent there for the 74th Hunger Games.					
Choose three districts and jot down everything you know about each of them. Then, jot down details about the Capitol. Use evidence from the novel to list locations, major industries, known characters, and any other relevant details. Consider what issues citizens might face in each district, and add notes about those issues. On the following pages, you will write two journal entries from the perspective of a citizen of one of the districts.
