

# Spring Flower Paper Project

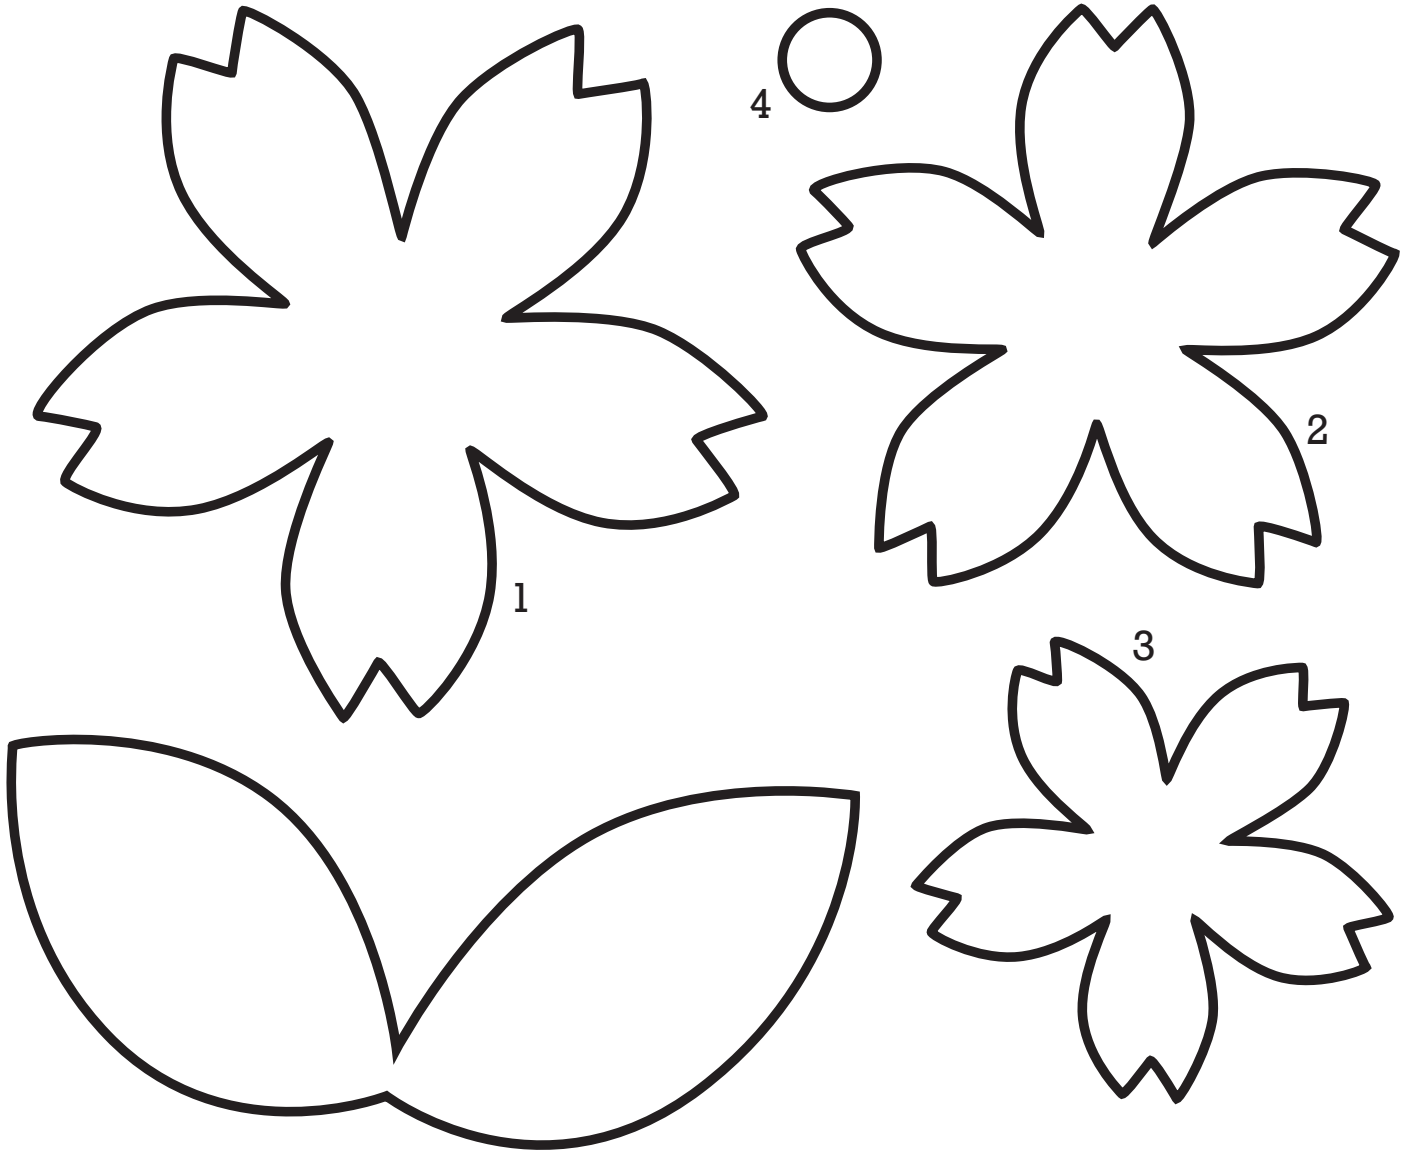

## Cherry Blossoms

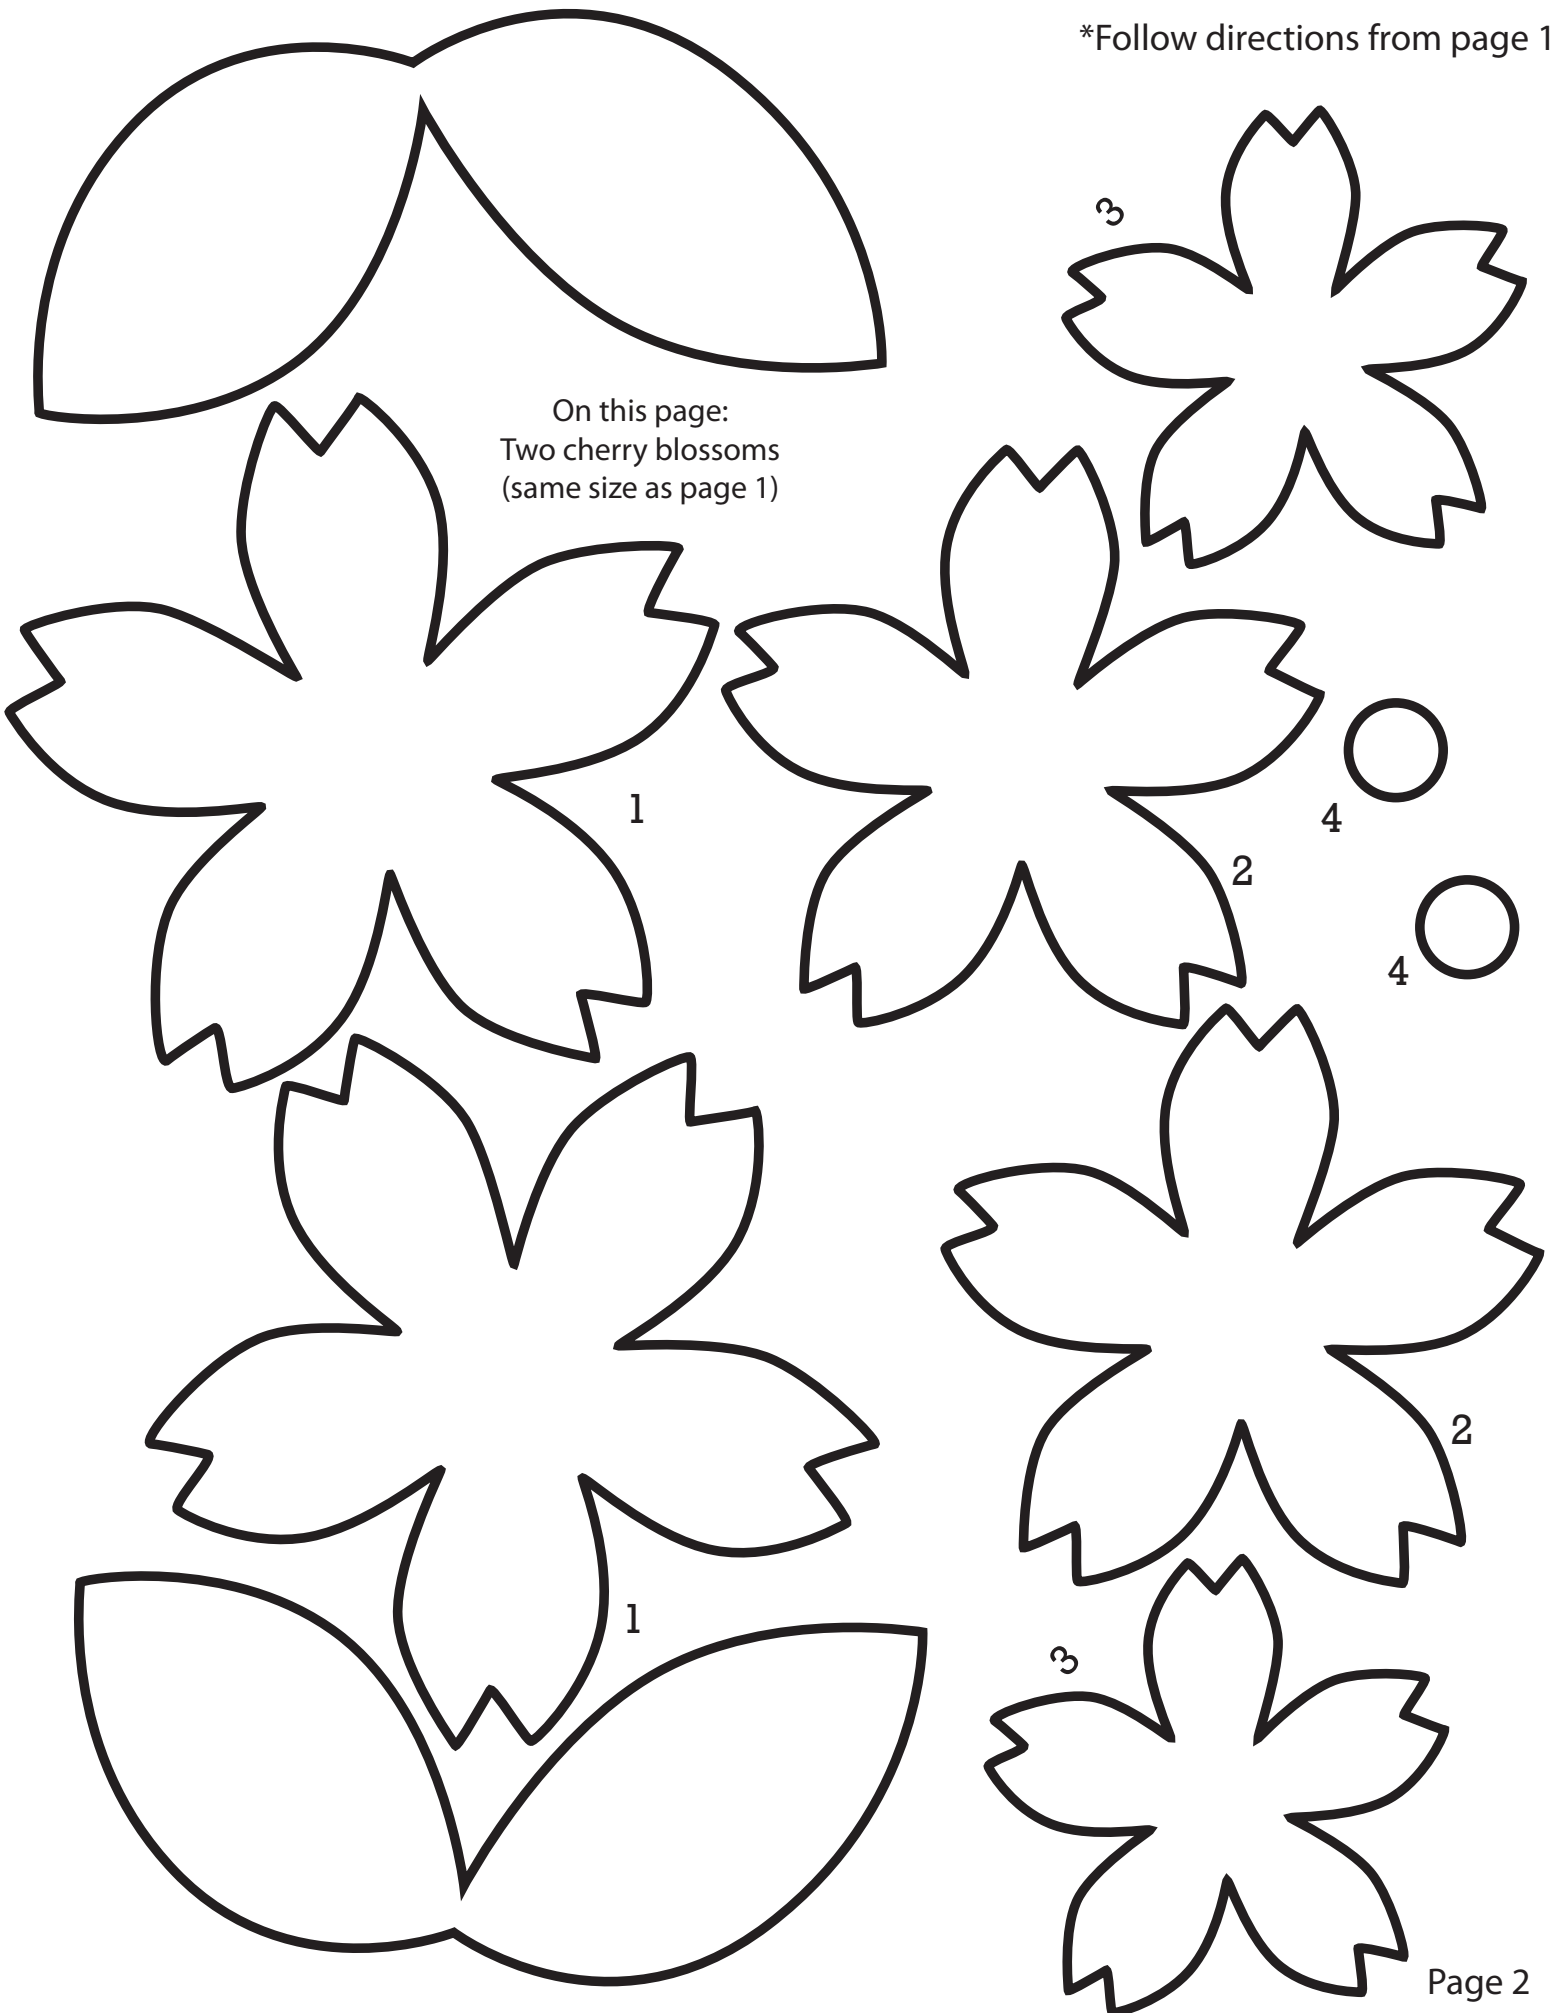

Color the flower then carefully cut each piece out.  
Then glue the pieces to the leaf starting from number 1.

**The next step is up to you!**  
String multiple flowers together to create a paper flower garland, glue in the shape of a circle to create a cute cherry blossom wreath, or simply use them to decorate a card for someone special.

On this page:  
Two cherry blossoms  
(same size as page 1)

On this page:  
Four smaller cherry blossoms

\*Follow directions from page 1
