

10 Things to Do with a Piece of Paper

★ Lucky Stars ★

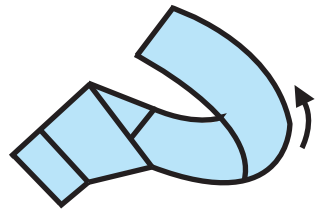

Lucky stars are fun and easy to make! Print out the next page and cut on the dotted lines. Follow the instructions below.

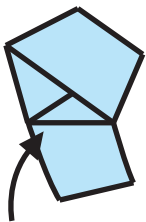

Step 1: Take a strip of paper and gently knot it at one end. Make sure the edges create an even pentagon.

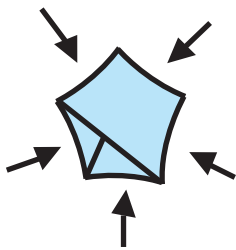

Step 2: Fold the end of the strip down. Trim the strip if it's too long, and tuck the rest into the knot.

Step 3: Wrap the long end of the strip around the pentagon, alternating sides. Make sure to crease gently as you go!

Step 4: Continue wrapping until you get to the end of the strip. Tuck and hide the last bit of the strip into the pouch.

Step 5: Now use your fingernail to gently push in the sides of the pentagon. Take your time. The star will start to puff out.

Step 6: Enjoy your lucky star! Make more and keep them in a clear jar, make jewelry or string them together.
