

# Parts Of A Tree

Name the parts of a tree using the word bank below.  
Then answer the questions.

**Stem**

**Secondary root**

**Leaf**

**Primary root**

1. I am the thickest root. I hold the plant to the soil, and take water from the soil.  
I am the \_\_\_\_\_.

2. I branch from the primary root. I help support the plant, and take in water.  
I am the \_\_\_\_\_.

3. I use light and heat to provide food. I give out water through a process called transpiration.  
I am the \_\_\_\_\_.

4. I keep the distance between the leaves and the soil. I carry food and water.  
I am the \_\_\_\_\_.
