

PENNY STACKERS!

Ask a grown-up to cut and tape together one of the dice from the next page.

For 2 players, you will need 50 pennies

1. Pennies are used as game pieces with each player placing their penny on the board as "heads" or "tails".
2. The rest of the pennies get placed in the middle of the board.
3. Players roll the die to move their pieces. If they land on a spot that says "Add 1 Penny" or "Add 2 Pennies, etc.," they stack those onto their coins.
4. The game is finished when all the pennies are out of the middle of the board. The player with the tallest stack of pennies wins!
