

Photo Props!

Color these in and then ask a grown-up to help cut out and assemble them into fun photo props for your next family portrait, birthday party, or just for fun!

You will need:

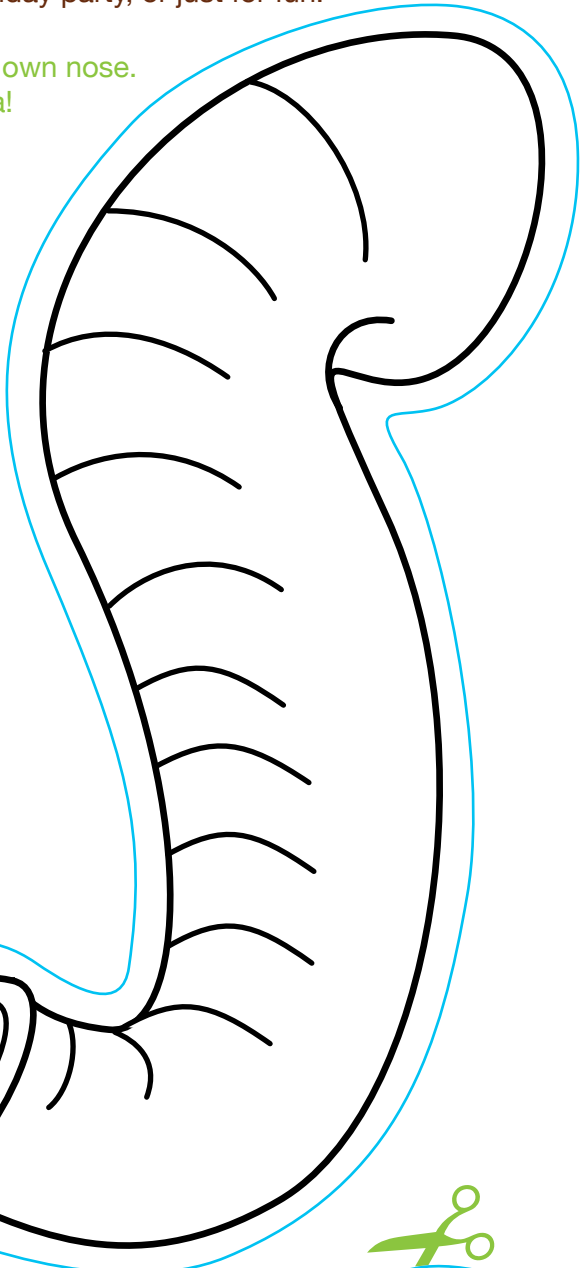

Popsicle sticks or straws
Scissors and tape

TO USE:

Hold one of these noses over your own nose.
Then pose for the camera!

For the elephant or bird nose, turn the prop over and tape your popsicle stick on the back of the nose near the bottom.

For the alligator or tiger nose, tape the stick on the bottom towards one side.

This project works best printed on thicker paper!
