## Plural Noun Sort

When nouns end with “f,” their plural form ends with “-ves.”  
When nouns end with “y” there are two rules to make the plural form:

- If a vowel comes before the Y, add an S.
- If a consonant comes before the Y, you drop the Y and add an “ies.”

Make the plural forms of the words below.

Write the plurals forms in the cloud with the same ending.
