Poetry in the Snow

Read the passage. Circle each S that you see.

I'm a little snowman short and round.
Here is my scarf and here is my hat.

I'm a little snowman short and round.
Here is my nose and here are my eyes.

I'm a little snowman short and round.
When I see the snow fall,
Hear me say,
All of the kids come out to play!

How many S's did you find? _____
