# WRITE VERBS IN SENTENCES

Most **verbs** show action in the **present tense** (*happening now*) or in the **past tense** (*already happened*). You can tell if an action already took place if the **verb** has an **-ed** at the end. If it the action is taking place right now, the **verb** will have a **-s** at the end.

Look at the pictures below. Write two sentences about each of the pictures. Use one present and one past tense of the verbs in the green box.

<b>poke</b>	<b>crawl</b>	<b>squeak</b>
<b>play</b>	<b>sniff</b>	<b>laugh</b>
<b>splash</b>	<b>chew</b>	<b>run</b>
