

# PROBABILITY TOSS

Use fractions to express the probabilities of each outcome when a dart is thrown.

**REMEMBER:** Probability is the likelihood a given outcome will occur. It is expressed as a fraction.

**What is the probability that the next dart thrown hits a number that....**

has a **1** in the **ten's** digit?    is a multiple of **4** ?

1/6

has a  pattern?

has a  pattern?

is less than **34** ?

has a **2** in the **ten's** digit?
