

A **complimentary color pair** is made up of a **cool** color and the **warm** color opposite of it on the color wheel.

**Green's** partner is **red**. When used together, the two create a bold and brilliant image. These butterflies,

**Polly and Jolly**, are mirror images of each other, creating a **symmetric** or equally balanced picture.

Color **Polly's** head, body and wings the different options of **green** from your crayon box. Color her stripes, spots and all decoration within her wings the variations of **red**.

Color **Jolly's** head, body and wings the different options of **red** from your crayon box. Color her stripes, spots and all decoration within her wings the variations of **green**.

*Polly*

*Jolly*

The result will  
be two marvelous fluttering flyers!
