

# Fall Resolution Leaves

The changing of the seasons is a great time to stop and reflect on the things we are grateful for and what we might hope to be or do in the months that come.

**Directions:** Write your fall resolutions on the leaf templates on pages 1–3. Cut out each leaf and use tape or string to hang them up. If desired, use some of the leaves to record things you are grateful for, and then hang them up alongside your resolutions! Then turn to page 4 to write a short paragraph summarizing your resolutions for fall.

**resolution:** a promise you make to yourself to do something
